THEWEEKLYCOURIER

Sunday & Monday, - August 16 & 17 Vox et Pretorea Nihii. ne Radical press reminds us of a bo-stling in the dark to keep his courage of

It is packering its lips over the most delete ditty that ever jarved discordantly on sensitive nerves. Thank Heaven the Democratic nerv as insensible to this luguirious outpo or the country have fortisted it against sensitiveness to sounds of woe lessing iron lips allid with guilty fear. Whistle on, ye misor If your party must die to music, tly proper that you should furnish it The Proposed Park.

not cause us to lose aight of a subje of each great interest to every sitines. of auch an improvement by an anecdote execut occurrence. A floathern party passi-corthward were arged by a citizen to stop lay or two in Louisville. He passed cloque pon his friends to remain. They were about a consent until one of them asked what of rest to a stranger were to be four

Have you a public park?" "No, wa have no ck.""Have you any public librarier?" "No; have no public libraries." "Have you any works of art, plotare galleries, or great pub-ic improvements, from an inspection of whitch we can derive pleasure or profit?" No; our dity is destinate of auch attractions." "Have rou saything then, more than the well-known ger for his detention in your city?"

Finding the city so destitute of everything that is particularly attractive to atrangers the

rty proceeded on their journey, seeking is her places the attractions which Louisville This true assectore is a striking illustration

our great dedelencies in the embellishment ive to strangers, but to our own citizens. We ere not the advocates of extravagance in our subtle expenditures, but we do not regard hat as an annecessary expense which is essen at to make home, around he havities our

ave established parks and fountains which ride for the wants of those communities

pening of parks was so long deterror that the out of establishing them was immonsely in reased; but even the large addition al expend re to be incurred did not deter them from ying out their purpose, when the resul-antages were shown to be so great.

New York city aspecially was slow to awaka to the measurity of action in this respect. Her illianas, who were devoted to commercial pustiness and shoorbed in the pursuit of individual gain, asw the lower part of or individual gain, and the lower part or the island crowded with a done popu-lation and almost stiffed for want of pure sir, before they because sufficently in-terested to sake steps toward providing for the wants of the masses. Even then, it was only for long discussion in the public press and in the city Council that the paople were around to the importance of the subject, and convinc ed of the practicability of the project. The great Central Park is the result of their effects. Though the primeval forest trees had long since disappeared, and ragged rocks, with carcely a aprig of vegetation, constituted limost entirely the surface of the proposed tark, an area of eight hundred acres has been converted in little more than twelve years into one of the most beautiful and attractive cos on the globe. It is a place which atfits which always accompany their sojourn, and which affords to every class of the citizens of New York a place for healthful recreation and

aciently convinced of the great importance of a park, or, if convinced, has constantly put of natil to-merrow the thing statch should be done to-day. It is now in her power, at a cust so trilling that it will scarcely be felt by her as already become a necessity, and which is capable of being converted into a park, surpassing in every particular the named Contral Park of New York. The queson line been agitated in the Council, and has been referred, we learn, to a committee. We hope the committee will not long delay setten in making a favorable report. We hope that the next generation will not have just occasion to reproach as for devolving upon them a duty which we have no right to evade. The people will soon demand a park, and their legislators will be held responsible if they to

THE CATTLE DISEASE.

The Effect on the Retail Meat and Fish Markets. (From the New York Times, August 18.1), tecording to the statements useds by retail lers of meat at Washington and Fulton rives, there has been no perceptible dense in their business since the resports consignificated astile business for the resports consignificated astile business from the training infacted astile business them unusually good during the past work of salesters awar that their business been unusually good during the past work that people will abstale from giving or u for meat in consequence of any paule that ye created from published accounts of eased beeves. As the demand for meat into them, the construction of the same bosen lowered.
